Which quantities of liquid / solid manure are available?							
Livestock			Litter straw	Out to pasture		Manure	Dry matter
Animal species	Quantity	Units	[t/a]	Units	[month/a]	[m ³ /a] or [t/a]	[%]

Available storage tanks			
Type	Measurements	Volume	Design
	L/W/H or Ø / H [m]	[m ³]	Concrete / Steel / PE-Laguna
Underneath stable			
Storage tank at the plant location			
External storage tank			

Renewable raw materials, e.g. maize silage, grass silage, rye silage					
Crops	Area under crops	Crop yield	Cultivation costs	Total quantities	Market price
	[ha]	[t/ha]	[€/ha]	[t/a]	[€/to]

Co-fermentation with organic wastes, e.g. slaughterhouse wastes or wastes from food processing industries					
Type	Quantities	Dry matter	Organic DM	Character	Income (+) / Costs (-)
	[t/a] or [m ³ /a]	[%]	[% of DM]	solid / pasty / liquid	[€/to]
